Dear Jesus,

Be very close to Your children in all of these countries. Help them to know Your love and protection. Help them to trust You and be brave when they are hurt, attacked or bullied. Give them the special joy of Your love when they feel sad. Let them know Your arms of love holding them tightly and that You will never let them go. Amen.

Dear God,

Thank you for saving a 13-year-old Christian girl in Pakistan who had been kidnapped. Her kidnapper had "married" her but the police set her free. Thank You God that she is now with her family. Please keep them all safe and take away all the bad memories that make her feel sad and scared. Let her know Your healing and trust Your love and protection. Amen.

Dear Jesus,

Please bless and protect this little girl from northeast Nigeria and all other children who are in danger there. She had to leave her home with her family because of the risk of attack from people who did not want them to love or believe in You, Jesus. Look after her and everyone who has to leave their homes. Give them everything they need, Jehovah Jireh (the Lord provides) - a safe home, a loving church family, food and water, medicines and schools. Thank You for their great faith in You. Let their spirits rejoice, knowing how much You love and cherish them.

Dear Jesus,

Speak to all Your persecuted children around the world. Help each one to know only You are the God who saves them, only You are the God who loves them passionately, and only You are the God who knows every single thing about them and watches over them with eyes of adoring love. Keep them safe and help them to trust You and know Your peace.
