Dear Father God,

Please be with the Christian girls in Pakistan who are kidnapped and taken away from their families. They are made to marry older men and may never see their families again. Be very close to these girls and their families. Help them to be brave and keep trusting in You and may they know Your love for them. Speak to the men who kidnap the girls and cause them to set the girls free. Let them see and believe in Jesus as well. Amen.

Dear Jesus,
 Please help a Mum called Maryam and a Dad called Sam in Iran. They adopted a girl and love her very much. However, judges in court have decided that Maryam and Sam are not allowed to keep their daughter because they are Christian and she is considered Muslim. Change the hearts and minds of the judges so the girl can go back to her Mum and Dad. Help the girl to be happy and safe and find out how much You love her.

Dear God,
 Help all persecuted children know that You are their fort - You protect them and keep them safe on every side. Help them to trust You and be strong and brave. Let them know You hold them in Your arms of love and will never let them go.

Dear Jesus,
 Please protect a young boy in Egypt who was beaten and robbed by a gang of teenagers. They beat him up because his family had started believing in You, Jesus. Keep him and his family safe. Heal him and help him not to be scared but trust You and know for sure You are always with him. Help him and his family to meet with other Christians and know Your joy and peace in their lives. Amen.
