

You can make a difference!

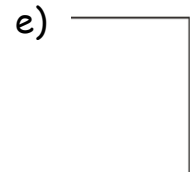

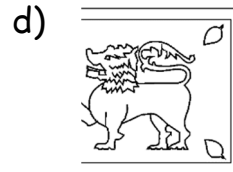

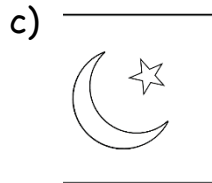

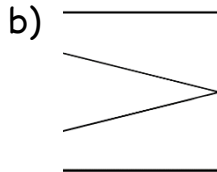

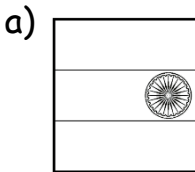

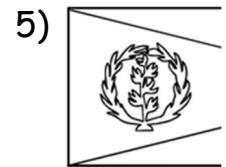

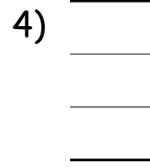

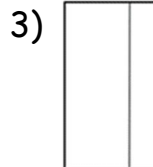

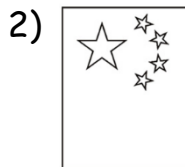

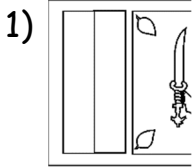

Pray for persecuted children!

July 2021

Match the two parts of these flags below. Can you guess the name of each country they are from? They are countries where children and young people can be hurt for believing in Jesus. (Answers on next page)

Dear Jesus,

Please be very close to children whose Mums and Dads have been sent to prison because they love you. Give them loving family and friends to look after them. Bless them with Your great love and hope and make them strong. Let them know You are taking care of their parents and will keep them safe. Set their Mums and Dads free so they can be together again. Thank You. Amen.

Dear God,

Thank You for saving Pastor Ozigi Hassan and his children in Kaduna, Nigeria. They were kidnapped in April but rescued by the police. The children's Mum, Fulaki, is still being held a prisoner. Please set her free by Your great power and love. Give the children Your strength, hope and love and help all the family trust You and know You are with them.

Dear Jesus,

Please heal a young boy and his Mum, Bilkisu, in Kaduna. They were shot when their village was attacked last July. Heal their bodies and give them peace of mind and hold them close in Your beautiful love. Amen.

Find these words from Psalm 18:28b (NIRV) in the grid below. You can read the words in 4 directions:

light
God
my
my
You
You

Now write the memory verse Psalm 18:28b (NIRV) below and **PRAY** it over all children and youth who are persecuted for their faith:

Dear Jesus,

Be with children and youth who are thrown out of their homes or treated badly by their families because they believe in You. Please heal them, protect them and provide them with a place of safety. Give them Christian friends and a church family to love them and look after them. Fill them with the joy of Your love. Speak to their families so they can believe in You too.

Dear Jesus,

Come in Your almighty power to protect the children of Christian pastors and Christian families in Colombia. Christians are hurt badly and killed in the "red zones" where armed groups attack them and kidnap their children. Please keep these families safe. Use them to bring Your love to the people who want to hurt them so they can believe in Jesus too. Bring Your peace, we pray.
