Christ

all

"I

strength."

because

Dear Jesus,

Be with all children and youth who suffer because they and their families love and follow You. Help them remember that they can do ALL things through the strength, love and power that You give them. Your strength and love can make them brave, give them peace and hope, bring joy to their hearts and do things they never thought they could do. Help them keep trusting in You and believe that nothing is impossible with God's power which is always with them!

Dear God,

Please protect young girls in Afghanistan and make a way so that they are able to go to secondary school and university and get good jobs.

Keep them safe so they are not married off to much older men. Protect the boys so they are not forced to become Taliban soldiers. Please keep all the Christians safe.

Dear Jesus,

Please be with four children in Kenya whose Dad - called Mwangi Maina - was killed because He was a Christian. Afterwards, their house was set on fire. Hold them very close to Your heart. Fill them with Your love and comfort. Help them when they feel so sad as they miss their Dad. Let them know he is with You in heaven. Find them a new home where they can live safely and help them be brave and strong. Amen.

Dear Jesus,

Please keep all children and young people safe who love You in Uganda. Sometimes they are hurt and even killed by their families because they believe in and follow You, Jesus. Protect them by Your almighty power. Send Your angel armies to look after them. Show Yourself to their families, so they believe in You too.

Dear Jesus,

Be with the children in Pakistan whose Dad - Asif Pervaiz - is in prison 200 miles away. They are only allowed to see him for 30 minutes every month. Touch the hearts of the judges, so that he is set free.
