Dear Jesus,

Please bless the baby in Vietnam who has just been born - the Mum is called Vu Ba Sua. The hospital refuses to look after the baby and Mum because the Mum is a Christian and believes in Jesus. Give good health and strength to the baby and Mum. Fill them with Your peace, Your love and Your joy. Give them everything they need and keep them safe. Amen.

Praise You God,

That two girls in Nigeria - aged 9 and 18 - were found safe! They were kidnapped 8 years ago in 2014. Thank You that they can go back home and be with their families after all this time. Please heal their minds and bodies from all they endured. Fill their hearts and minds with great hope, love and true peace that only comes from You! In Your power, be with the other girls who are still prisoners and set them free.

Dear Jesus,

Bless all the children in Pakistan whose homes have been washed away by the terrible floods. Be very close to them when they are so sad - many friends and family members have been drowned. Help them get safe homes, food, clean water and the medicines they desperately need. Let them feel that You are with them and know that You will hold them safe in Your arms forever.

Dear Jesus,

Please be with the four young children in India whose Dad - called Munshi - was killed because he shared the love of Jesus with others. Be with their Mum, Jaini, too. They were all terrified and had to run away from their home. They cannot go back because they are so scared they will be hurt or killed as well. Fill them with Your "perfect love" which "drives out fear" and help them be brave and strong. Give them a safe home, good education and medical care, a job for their Mum and a church family to hug and hold them. Amen.
