Dear Jesus,

Please be with all children and youth who are hurt, bullied, attacked or made homeless because they and their families believe in and follow You. When they feel so sad and frightened, let them know You are their refuge - their safe and strong place in times of trouble. Help them feel Your presence, peace, hope and joy in their hearts and minds and sing of Your love every morning! Amen.

Dear Jesus,

Be very close to the children who were arrested with their Mums and Dads in Eritrea. The youngest child is only 2 years old. Keep them together and keep them safe and well. Make them brave and help them keep trusting You. Set them free so they can go home. Fill their hearts, minds and bodies with Your peace and healing. Show Your love to the people who arrested them so that they believe in and follow You too. Amen.

Dear God,

Be with the children and youth who have to run for their lives with their families when their homes and communities are attacked in countries such as Nigeria and India. Pour Your love into their hearts and minds and take away their fear. Heal them from the terrible things they have seen and experienced. Protect them when they have to live in camps where there is not always fresh water, food or toilets. Keep their parents safe when they go to look for food or work. Help them get a good education even if they cannot go to a school. Lead them to new safe homes where they can worship You freely.
